

Records from Georg HITZ (<1687) to Hans (1720) to Hans (1750) to Christian (1783) to Conrad (1811) to Hans (1855) to Hans (1896)

Georg is recorded in the church book of Klosters which have begun 1687. As the book shows no birth nor christening date, he was probably born earlier.
He was most likely our first known ancestor. This is based on the known dates of him, his wife and his son Hans the more so that at that time Klosters had few number of habitants.
